Recent graduate with a master's degree in Computer Application, possessing strong analytical and communication skills developed through academic projects. Passionate about web development and eager to contribute to a dynamic team environment. Seeking an opportunity to leverage my skills and education to positively impact a professional setting.

Computer Languages & Frameworks

- HTML
- CSS - Tailwind CSS
- JavaScript - React.js, Node.js, Express.js
- Python - Django, FastAPI

Projects

- QuillLink web app [https://quill-link.netlify.app/]

  I have developed a user-friendly note-taking app with React.js for the front end and FastAPI for the back end. It was inspired by Google Keep, which introduced folder functionality for efficient note organization. Prioritized simplicity and speed to enhance user experience.

Education

- **Masters in Computer Application**   **2022 – 2024**

  Navinchandra Mehta Institute of Technology and Development   Score: 7.4 CGPA

- **Bachelor in Information Technology**   **2019 - 2022**

  Saket College of Arts, Science and Commerce   Score: 8.9 CGPA

Certification

- Complete 2024 web development bootcamp

  On Udemy by Dr. Angela Yu, mastering front-end and back-end technologies, including React, Node.js, and MongoDB, to build dynamic and responsive web applications.

- NodeJs React Summer Special 2020

  On Udemy by Zach LaCourse, We will build a login panel a registration panel, and a section to list blogs.
